

Not Sure? Consider Management Training Programs

Management trainee (management development, manager-in-training) positions are offered in numerous companies and across many different industries. Becoming a management trainee will give you important professional skills that can help prepare you for many careers. You do not always have to have a business-related major to apply for these opportunities.

If you are questioning your next move after college, consider applying for one of the management trainee positions offered by the companies below (not an exhaustive list). These positions will get you started in the professional world and allow you to try out a variety of responsibilities helping you to clarify your career interests.
